# EQUINE FUSION

Equine Fusion Jogging shoe is a new type of hoof shoe that respects the anatomy, biomechanics and functionality of the hoof, whilst providing protection and support.

Equine Fusion's philosophy is to always develop the best product for the horse. The Ultra Jogging shoe is specially designed for riding on hard surfaces like asphalt.

## Benefits:

- Unique flexible sole that protects and absorbs shock
- Supports natural hoof mechanism
- Closer ground contact
- Unrestricted natural movement of all limbs
- Excellent for rehabilitation of hooves
- Fit's difficult hoof shapes and can be used on deformed hooves
- Machine washable at 40 degrees
- Available in sizes 10-15 in both Red and Black
